## Professional Summary

I have extensive experience as a web developer, focusing on using vanilla JavaScript for frontend development and Express Node.js for backend tasks. I'm eager to collaborate with you to bring your ideas to fruition. Thank you for reviewing my application, and I look forward to hearing from you soon.

With more than 3 years of experience in designing, developing, and integrating front-end and back-end applications, I am proficient in creating applications using HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, and Restful Web Services.
